Foreword

This document complies with the provisions of GB/T 1.1-2020 "Standardization Work Guidelines Part 1: Structure and Drafting Rules of Standardization Documents" Drafting:

This document is equivalent to ISO 18626:2021 "Interlibrary Loan Matters for Information and Documents":

This document has made the following minimal editorial changes:

Keep its English name and add a column of "Chinese name of the element", as shown in Table 1 to Table 9; append it with "(English name)" in the text:

Add double quotes after the Chinese name and both the Chinese and English names;

---In the content terms, the expression of ISO 18626:2021 is changed to the expression applicable to our country's standards and specifications;

---For the professional terms and nouns from various countries in the "Data Element Values" table, if there are Chinese idioms, they will be translated into Chinese; if there are no If there are idioms in Chinese, they will not be translated;

---Verify and update the informative websites in ISO 18626:2021, such as according to the latest version of the ISO website on August 1, 2022 Version, updated "B:2 Open Code Data

Elements and Their URIs";

---The descriptions of "Cancel" and "Renew" in Table 8 of ISO 18626:2021 both mention SupplyingAgen-schema website appears, so this document draws on the representation method of the XMLschema website and retains its English name;

---For the format errors in Articles 7 and 8 of the ISO 18626:2021 reference, modify it to ANSI/NISO Z39:83, Please note that some content in this document may be subject to patents: The publisher of this document assumes no responsibility for identifying patents:

1 Scope

This document sets out the procedures for processing requests for library collection resources and the subsequent exchange of messages between libraries or between libraries and other institutions:

affairs:

2 Normative reference documents

The contents of the following documents constitute essential provisions of this document through normative references in the text: Among them, the dated quotations for undated referenced documents, only the version corresponding to that date applies to this document; for undated referenced documents, the latest version (including all amendments) applies to this document:
