Foreword

This document complies with the provisions of GB/T 1.1-2020 "Standardization Work Guidelines Part 1: Structure and Drafting Rules of Standardization Documents". Drafting.

This document is Part 4 of GB/T 44130 "Information Exchange for Electric Vehicle Charging and Swapping Services". GB/T 44130 has been published as follows. Part 2.

- Part 1: General Provisions;
- Part 2: Standards for Public Information Exchange;
- Part 3: Business Information Exchange Specifications;
- Part 4: Information Exchange between Charging and Swapping Equipment and Service Platform;
- Part 5: Data Transmission and Security Please note that some content in this document may involve patents. The issuing organization of this document assumes no responsibility for identifying patents.

This document was proposed and is under the jurisdiction of the China Electricity Council.

This document was drafted by: State Grid Smart Vehicle Networking Technology Co., Ltd., China Electricity Council, State Grid Corporation of China, and TELD.
