3 Terms and definitions

The terms and definitions defined in GB/T 14191.1 and GB/T 16432 and the following apply to this document.

3.1 Finished orthoses

Orthopedic devices produced in batches and series.

3.2 Prefabricated orthoses

Orthopedic devices that are modified from mass-produced prefabricated parts to meet the needs of people with functional disabilities.

3.3 Custom-fabricated orthoses

Orthopedic devices are customized according to the needs of people with functional disabilities.

3.4 Orthoses fitting

The process of fitting an off-the-shelf, prefabricated, or custom-made orthosis to an individual with a functional impairment.

3.5 orthoses prescription

Written documentation of the configuration of orthoses provided to individuals with functional impairments based on their needs.
