3.1 A mixture that reacts with oxygen to reduce the oxygen concentration in food packaging

Foreword

This document is in accordance with the provisions of GB/T 1.1-2020 "Guidelines for standardization work Part 1: Structure and drafting rules for standardization documents" Drafting.

This document specifies the technical requirements related to quality. For food safety requirements, please refer to relevant laws, regulations, policies and food safety standards. document.

Please note that some of the contents of this document may involve patents. The issuing organization of this document does not assume the responsibility for identifying patents.

This document was proposed by China Light Industry Federation.

This document is under the jurisdiction of the National Technical Committee for Standardization of Food Contact Materials and Products (SAC/TC397).

This document was drafted by: Hunan Product Quality Inspection Institute, China National Institute of Standardization, Jiaying Xingyue Packaging Materials Co., Ltd., Ganjiang New Materials Co., Ltd., Huaian Weite Preservative Co., Ltd., Guangdong Guangyi Technology Industry Co., Ltd., Dongguan Xinrong Tianli Technology Industrial Co., Ltd., Yangzhou Jiumei Fresh-keeping Technology Co., Ltd., Shanghai Yingqi Desiccant Co., Ltd., Hangzhou Mingri Flexible Packaging Co., Ltd., Longkou Qihang Industry and Trade Co., Ltd., Jiangsu Oukai Packaging Technology Co., Ltd., Foshan Shunde Topgo Industrial Co., Ltd., Nanjing Xinlu Ye Industrial Co., Ltd., Anhui Tianlitai Food Technology Development Co., Ltd., Hunan Kuaweiwang Group Co., Ltd., Yanjinpu Food Co., Ltd.

Co., Ltd., Hangzhou Xingdian Packaging Materials Co., Ltd., Dongguan Guangke Precision Machinery Technology Co., Ltd., Nanjing Huafeng Wonderful Packaging Materials Co., Ltd., Guangzhou Quality Supervision and Inspection Institute, Zhejiang Yuehai Packaging New Materials Co., Ltd.

The main drafters of this document are: Zhou Cong, Zeng Xiaoming, Wu Haizhi, Liu Zhao, Wan Fu, Su Guangrong, Yao Bin, Yuan Liejiang, Zhao Jinyao, Liu Xia, Mao Bing, Wu Fangping, Cui Libang, Liang Zhantao, Fan Xianrong, Wu Dingguo, Qian Jun, Xu Liping, Wang Yu, Liu Jun, He Xianpei, Xing Yihu, Tao Fangren, Guo Tao, Tan Yisheng, Song Zhifu, Gan Jiangming, Liu Xiaohong, Li Zerong, and Ye Li.

General rules for quality of deoxidizer packaging films for food

1 Scope

This document specifies the classification, raw materials, requirements, inspection rules, marking, packaging, transportation and storage of food deoxidizer packaging films. The test method.

This document is applicable to food contact paper, plastic, etc. as raw materials, produced by multi-layer composite process with air permeability requirements, used for dust prevention, Waterproof and oilproof food packaging film with deoxidizer.
