

ICS 27.140
CCS P 59

**NATIONAL STANDARD OF THE
PEOPLE'S REPUBLIC OF CHINA**

GB/T 44634-2024

Basic terminology of hydropower engineering

水力发电技术基本术语

Issued on: September 29, 2024

Implemented on: April 1, 2025

**Issued by: State Administration for Market Regulation;
Standardization Administration of the PRC**

Table of Contents

1 Scope	1
2 Normative references	1
3 Engineering Integration and Management	1
3.1 Comprehensive Engineering Technology	1
3.2 Engineering planning and design	3
3.3 Project construction management and acceptance	4
3.4 Operation management and scheduling	5
3.5 Project reconstruction and decommissioning	9
4 Hydrology and sediment	9
4.1 General terms	9
4.2 River Basin and River System	13
4.3 Basic hydrological data	14
4.4 Hydrological test	16
4.5 Weather	18
4.7 Flood	21
4.8 Sediment	25
4.9 Water level and flow relationship	26
4.10 Water Regime Forecast	27
4.11 Ice Condition	31
5.1 General terms	32
5.2 Development Task	34
5.3 Runoff regulation	36
5.4 Flood regulation	38
5.5 Characteristic water level and reservoir capacity	39
5.7 Sedimentation and Backwater	45
5.8 Initial water storage	46
5.9 Operation and Scheduling and Engineering Benefits	47
6 Engineering Survey	50
6.1 Engineering Geology	50
6.2 Engineering Survey	67
6.3 Engineering Exploration	75
6.4 Engineering Geophysical Exploration	77

6.5 Geotechnical testing	86
6.6 Hydrogeological Testing and Calculation	98
6.7 Geotechnical and Water Monitoring	101
7 Building	102
7.1 General terms	102
7.2 Gravity dam	113
7.3 Arch dam	114
7.4 Earth-rock dam	116
7.5 Water discharge and energy dissipation to prevent impact on buildings	120
7.6 Water supply structures	123
7.7 Factory buildings	128
7.8 Navigation buildings	130
7.9 Slope Engineering	131
7.10 Diversion Project	133
7.11 Traffic Engineering	136
8 Construction	137
8.1 General terms	137
8.2 Construction Organization	138
8.3 Foundation treatment and grouting	143
8.4 Earthwork Construction	148
8.5 Concrete construction	160
8.6 Quality Assessment	174
9 Materials and Tests	174
9.1 Materials	174
9.2 Testing and Inspection	179
10 Engineering safety monitoring	187
10.1 General terms	187
10.2 Monitoring items and methods	188
10.3 Installation and Observation	191
10.4 Data compilation and analysis	191
11 Mechanical, electrical and metal structures	192
11.1 General terms	192
11.2 Hydro-generator sets and auxiliary equipment	192
11.3 Electrical	210
11.4 Control, protection and communication systems and equipment	231

11.5 Public auxiliary equipment	248
11.6 Metal structure equipment	251
11.7 Operation and Maintenance	264
12 Measurement	267
13 Safety and Emergency	269
13.1 General terms	269
13.2 Safety Design	270
13.3 Safety Assessment	270
13.4 Security Management	271
13.5 Occupational Health Management	272
13.6 Emergency	272
14 Energy saving	274
15.1 General terms	275
15.2 Hydrological regime	277
15.3 Reservoir water temperature	278
15.4 Water Environment	279
15.5 Aquatic Ecology	280
15.6 Terrestrial Ecology	284
15.7 Acoustic and atmospheric environments	285
15.8 Solid waste	286
15.9 Soil and Water Conservation	286
15.10 Landscape	287
15.11 Social Environment	288
15.12 Environmental Monitoring	289
16 Construction of land acquisition and resettlement of immigrants	289
16.1 General terms	289
16.2 Resettlement Planning and Design	291
16.3 Implementation of resettlement	294
17 Project Investment	295
17.1 General terms	295
17.2 Cost Structure	296
17.3 Project quota	299
18 Economic Evaluation	299
18.1 General terms	299
18.2 Project Costs and Benefits	301

18.3 Evaluation indicators	303
18.4 Economic Comparison of Schemes	304
19 Informatization and Digitalization	305
19.1 Information and Data	305
19.2 System and Platform	305
19.3 Business and Application	306
20 File 307 References 310 Index	312

Foreword

This document is in accordance with the provisions of GB/T 1.1-2020 "Guidelines for standardization work Part

1. Structure and drafting rules for standardization documents" Drafting. Please note that some of the contents of this document may involve patents. The issuing organization of this document does not assume the responsibility for identifying patents. This document is proposed and coordinated by the National Energy Administration. This document was drafted by: China Hydropower and Water Conservancy Planning and Design Institute, China Power Engineering Group Beijing Survey and Design Institute Co., Ltd., China Power Engineering Chengdu Survey and Design Institute Co., Ltd. of China Power Construction Group, Kunming Survey and Design Institute Co., Ltd. of China Water Resources and Hydropower Eighth Engineering Co., Ltd. Engineering Bureau Co., Ltd., China Power Construction Group Central South Survey and Design Institute Co., Ltd., China Power Construction Group East China Survey and Design Institute Co., Ltd. China Power Construction Group Guiyang Survey and Design Institute Co., Ltd., China Power Construction Group Northwest Survey and Design Institute Co., Ltd., China China Gezhouba Group Co., Ltd., China Gezhouba Group Mechanical and Electrical Construction Co., Ltd., China Gezhouba Group Machinery and Shipbuilding Co., Ltd., Sinohydro Seventh Engineering Bureau Co., Ltd., China Institute of Water Resources and Hydropower Research, China Gezhouba Group Three Gorges Construction Engineering Co., Ltd. China Gezhouba Group Survey and Design Company, Yalong River Basin Hydropower Development Co., Ltd., China Hydropower Fourth Engineering Bureau Co., Ltd., China Three Gorges University, China Hydropower and Water Resources Planning and Design Institute Co., Ltd. The main drafters of this document are. Li Sheng, Zhao Quansheng, Li Shisheng, Dang Lincai, Guo Jianxin, Xue Lianfang, Chang Zuowei, Wang Kui, Yu Qinggui, Dai Kangjun, Yang Baiyin, Su Liqun, He Wei, Yang Dequan, Du Xiaokai, Liu Guoyang, Lin Zhaohui, Wang Fuqiang, Fan Junxi, Yu Weiqi, Yin Xusheng, Gao Jie, Li Xiangfeng, Liu Rongli, Yu Jialin, Wang Jilin, Liu Chao, Niu Wenbin, Zeng Zhenling, Xue Meijuan, Zheng Xing, Wang Yiming, Tu Huaijian, Peng Shixiong, Ma Yu, Yan Zhonglin, Zeng Zhaofang, Tang Zhongbo, Guo Guangwen, Chen Qiang, Zhang Qingjun, Ding Jiantong, Deng Xianghan,
