Foreword

This document is in accordance with the provisions of GB/T 1.1-2020 "Guidelines for standardization work Part 1: Structure and drafting rules for standardization documents" Drafting is required.

This document specifies the quality-related technical requirements. For food safety-related requirements, please refer to relevant laws, regulations, policies and food safety standards. document.

Please note that some of the contents of this document may involve patents. The issuing organization of this document does not assume the responsibility for identifying patents.

This document was proposed by China Light Industry Federation.

This document is under the jurisdiction of the National Technical Committee for Standardization of Food Processing Machinery (SAC/TC 551).

This document was drafted by Nanjing Leying Technology Co., Ltd., Light Industry Hangzhou Mechanical and Electrical Design Institute Co., Ltd., Foshan Shunde District Quality and Technical Supervision Standards and Coding Institute, Jiangsu University, Hebei Yongchuang Tongda Machinery Equipment Co., Ltd., Longyan Xike Kitchen Equipment Co., Ltd.

Limited Company, Fujian Honglu Food Co., Ltd., Guangzhou Maiyan Food Co., Ltd., Zhejiang Xiangying Central Kitchen Equipment Co., Ltd., Fuyang Vocational Technical College.

The main drafters of this document are: Lai Xiarong, Xu Jun, Hou Junxia, Zou Xiaobo, Sun Wenyong, He Hongqin, Huang Kunlong, Huang Qingbiao, Hao Dahai, Liu Yanfang, Chen Xinxing, Wang Jianqin, Guo Tianyu, Huang Xiaowei, Zhao Huihe, Liu Xingjun, Zhang Weimin, Shi Jiyong, Zhang Guohua, Li Zhihua. Packaged rice processing line

1 Scope

This document specifies the appearance quality, mechanical and electrical safety, performance and other requirements of the packaged rice processing production line (hereinafter referred to as the "production line").

Describes the corresponding test methods, specifies the inspection rules, marking, packaging, transportation and storage content, and provides the basic This specification specifies the configuration and working conditions, and defines the related terms and definitions.

This document applies to the design, production, installation, inspection, acceptance and trading.
