Foreword

This document is in accordance with the provisions of GB/T 1.1-2020 "Guidelines for standardization work Part 1: Structure and drafting rules for standardization documents" Drafting is required.

Please note that some of the contents of this document may involve patents. The issuing organization of this document does not assume the responsibility for identifying patents.

This document is proposed and coordinated by the National Technical Committee on Hazardous Chemicals Management Standardization (SAC/TC 251).

This document was drafted by: China Chemical Economic and Technological Development Center, Sinopec Engineering Construction Co., Ltd., COSCO Shipping Logistics Supply Chain Co., Ltd., Dalian University of Technology Civil Engineering and Architecture Design Institute Co., Ltd., Donghua Engineering Technology Co., Ltd., Jiaxing Haitai Chemical Flow Integrated Services Co., Ltd., China Wuhuan Engineering Co., Ltd., China Steel Group Ma'anshan Mining Research Institute Co., Ltd., Gansu Provincial Chemical Engineering Research Institute Co., Ltd., Shanghai Wangbo Network Technology Co., Ltd., Jiangsu Data Technology Co., Ltd., Huizhou Daya Bay Economic and Technological Development Zone Development Zone Management Committee Petrochemical Energy Industry Bureau, Jiangsu Province Zhangjiagang Free Trade Zone Safety and Environmental Protection Bureau, Luxi Chemical Group Co., Ltd., Zhejiang Huayou Cobalt Co., Ltd., Milkway Intelligent Supply Chain Services Group Co., Ltd., and Safetech Engineering Technology Group Co., Ltd.

The main drafters of this document are: Yang Ting, Ma Congyue, Ren Fang, Feng Yuanyuan, Sun Lili, Tao Jibin, Zhao Yaping, Luan Zhijun, Huang Jian, Chen Zhun, Sun Haoxiang, Zhang Jian, Zhu Yuebiao, Liu Shouyong, Gao Gang, Zeng Xiaofei, Niu Hong, Li Weiping, Zhang Bin, Shan Tianqing, Cui Zhiyuan, Zhou Jun, Liu Libin, Zhang Guoliang, Shi Xu, Li Di.

Specifications for the construction of parking lots for hazardous goods transport vehicles in chemical parks

1 Scope

This document specifies the overall requirements, site selection, general layout, public works, safety, and fire protection of parking lots for hazardous materials transport vehicles in chemical parks.

Construction requirements of fire prevention, environmental protection and informatization.

This document is applicable to the construction of parking lots for dangerous goods transport vehicles in chemical parks. The reconstruction or expansion of parking lots for dangerous goods transport vehicles shall be referred to use.

This document does not apply to parking for vehicles carrying explosives, acute toxicity category 1 (highly toxic) substances, infectious substances and radioactive materials.

Parking lots, as well as parking lots built within enterprises.

Note. "Explosives, infectious substances and radioactive substances" adopt the classification method of GB 6944; "Acute toxicity category 1 (highly toxic) substances" adopts the classification method of GB 30000.

Classification method of series.
