Foreword

This document is in accordance with the provisions of GB/T 1.1-2020 "Guidelines for standardization work Part 1: Structure and drafting rules for standardization documents" Drafting.

This document is consistent with GB 16914-2023 "Safety Technical Conditions for Gas Burning Appliances". Appendix A of this document provides Clause correspondence table supporting the basic requirements of GB 16914-2023.

Please note that some of the contents of this document may involve patents. The issuing organization of this document does not assume the responsibility for identifying patents.

This document is proposed and coordinated by the Ministry of Housing and Urban-Rural Development of the People's Republic of China.

This document was drafted by: China Municipal Engineering North China Design and Research Institute Co., Ltd., Hong Kong and China Bauhinia Gas Appliances (Shenzhen) Co., Ltd., Qingdao Haier Washing Machine Co., Ltd., Shanghai Mengdi Industrial Automatic Control System Co., Ltd., Guangdong Qiangji Electric Technology Co., Ltd., Zhongshan Huaxi Electronic Technology Co., Ltd., Shanghai Rinnai Co., Ltd., Wuxi Little Swan Electric Co., Ltd., Zhejiang Shuaifeng Electric Co., Ltd., Shenzhen Gas Group Co., Ltd., Foshan Energy Group Co., Ltd., Guangdong Hesheng Thermal Energy Technology Co., Ltd., China Resources Gas Group Industry Development Co., Ltd.

The main drafters of this document are: Zhang Jianhai, Yan Shimin, Bing Jindong, Li Dongli,

Peng Yin, Pei Jun, Xu Weichun, Gao Yang, Shao Yuji, Zhang Jia, Xiong Shaoqiang, Wang Baoyou, He Yongxiang, Zhang Mengting. Gas Clothes Dryer

1 Scope

This document specifies the terms and definitions, product classification and model compilation, materials and structure, performance of domestic and commercial gas clothes dryers Requirements, test methods, inspection rules, signs, warnings and installation instructions, packaging, transportation and storage.

This document applies to town gas for the purpose of drying clothes, textiles and similar items, with moisture discharged to the outside, with a rated heat load Household gas clothes dryers with a rated heat load of no more than 100 kW and a single drying mass of no more than 25 kg;

Commercial gas-fired clothes dryers with a secondary drying mass not exceeding 150kg.

This document does not apply to gas-fired clothes dryers for industrial use.
