Foreword

This document complies with the provisions of GB/T 1.1-2020 "Standardization Work Guidelines Part 1: Structure and Drafting Rules of Standardization Documents". Drafting.

Please note that some content in this document may involve patents. The issuing organization of this document assumes no responsibility for identifying patents.

This document was proposed by the China National Light Industry Council.

This document is under the jurisdiction of the National Technical Committee on Refrigeration Standardization (SAC/TC119).

This document was drafted by: Huashang International Engineering Co., Ltd., Qingdao Haier Special Electric Refrigerator Co., Ltd., Chinese Association of Refrigeration, and Bingshan Songyang.

Cold Chain (Dalian) Co., Ltd., Qingdao Hisense Commercial Cold Chain Co., Ltd., Yindu Catering Equipment Co., Ltd., Jiangsu Baixue Electric Haier Carrier Refrigeration Equipment Co., Ltd., Qingdao Hairong Commercial Cold Chain Co., Ltd., Haier Carrier Refrigeration Equipment Co., Ltd., Jiangsu Xingxing Cold Chain Technology Co., Ltd.

Limited Company, Tianjin University of Commerce, Jimei University, Shanghai University of Science and Technology, Shandong University, Beijing University of Technology, China Quality Certification Center Co., Ltd.

Company, Beijing Physical and Chemical Analysis and Testing Center, Qingdao Dashang Cold Chain Co., Ltd., Hangzhou Qianjiang Refrigeration Compressor Group Co., Ltd., Ningbo Yihang Electric Zi Technology Co., Ltd., Hebei University of Science and Technology, Rheinland Technology-Commodity Inspection (Qingdao) Co., Ltd., COFCO Engineering Science & Technology Testing & Certification Co., Ltd.

The main drafters of this document are: Xiao Yang, Liu Xiaopeng, Wang Ruifeng, Wang Bin, Si Chunqiang, Li Dawei, Xu Lei, Ma Hongkui, Yang Ping, Li Fei, and Cheng Junliang.

Commercial Refrigerated Display Case Test Package

1 Scope

This document specifies the structural, characteristic, and performance requirements of the refrigerated display case test package, as well as the test methods for the refrigerated display case test package. Inspection rules. This document applies to.

- Refrigeration load test kit for refrigerated display cases (GB/T 21001.2-2015);
- Refrigeration load test package for commercial freezers other than refrigerated display cases (see SB/T 10794.2-2012);
- The test package specified in GB/T 21001.2-2015 shall be adopted.

3 Terms and Definitions

The following terms and definitions apply to this document.

3.1 Within the prescribed scope

A display case cooled by a refrigeration system for storing refrigerated and/or frozen foods, maintaining the temperature of the stored food.

3.2 testpackage

The test load shall conform to the specifications in Appendix A.

3.3

Test loads conforming to Appendix A are not applicable to freezing capacity tests.

3.4

The dimensions and their deviations meet the requirements of package M in A.2, and the water box contains 1.7% sodium chloride and has a freezing point of -1°C .

Note. The water box is a plastic box as specified in 5.3.1.6 of GB/T 21001.2-2015.
