Foreword

This document complies with the provisions of GB/T 1.1-2020 "Standardization Work Guidelines Part

1.Structure and Drafting Rules of Standardization Documents". Drafting. Please note that some content in this document may involve patents. The issuing organization of this document assumes no responsibility for identifying patents. This document was proposed by the National Forestry and Grassland Administration. This document is under the jurisdiction of the National Bamboo and Rattan Standardization Technical Committee (SAC/TC263). This document was drafted by: International Bamboo and Rattan Centre,

Anhui Hongye Group Ecological Bamboo Fiber Technology Co., Ltd., and Longzhu Technology Group Co., Ltd. The company, Zhejiang Weilaoda Industry & Trade Co., Ltd., Wuxi Pingshe Intelligent Technology Co., Ltd., Shanyu (Dongguan) Bio-New Materials Co., Ltd., Nanjing Lin Anhui University of Science and Technology, Zhejiang Sci-Tech University, Anhui Medical University, Research Institute of Wood Industry, Chinese Academy of Forestry, Sichuan Agricultural University, Anhui Hongye University Group Limited Company. The main drafters of this document are. Fang Changhua, Yin Mingliang, Lian Jianchang, Zhang Shuai, Luan Yu, Song Yifei, Liu Kunfeng, Wang Xianke, Su Qin, and Jiang Menghong. Yang Yichen, Song Linshuo, Chen Xiufang, Huang Bin, Huang Anmin, Xu Jinmei, Wu Wenyue, Wang Hankun, Chen Qi, Liu Huanrong, Ma Xinxin, Miao Hu, Zhang Xiubiao Sun Fengbo. Bamboo drinking straw

1 Scope

GB/T 47057-2026 is the Chinese national standard covering the bamboo drinking straw - a replacement for the plastic one, specified on dimensions and wall integrity, on strength when wet, on the absence of splinters and of migrating substances, and on its microbiological state. First edition. It was issued on 28 January 2026 and has been in force since 1 August 2026, as a first edition. The document is under the responsibility of the National Forestry and Grassland Administration. This page is published from the official record of the 2026 edition; the clause text of a standard this recent is not yet in circulation, and the figures, limits and tables it contains are those of the document itself, delivered in full with the English translation.

This document defines the terminology and definitions for bamboo drinking straws, and specifies the product types, appearance, dimensions, physical and mechanical properties, and inspection rules. Requirements for packaging and labeling, and descriptions of inspection methods. This document applies to the production, sale, and inspection of drilled bamboo straws and spiral bamboo straws made primarily from bamboo.

2 Normative references

The contents of the following documents, through normative references within the text, constitute essential provisions of this document. Dated citations are not included. For references to documents, only the version corresponding to that date applies to this document; for undated references, the latest version (including all amendments) applies. This document.
