- 3 Terms and Definitions

Foreword

GB/T 6159 "Micrographics vocabulary" is divided into nine sections.

- Part 1. General terms;
- Part 2. layout and image recording method;
- Part 3. film processing;
- Part 4. Materials and packaging;
- Part 5. image quality, readability and inspection;
- Part 6. Equipment;
- Part 7. Computer Micrographics;
- Part 8. Application;
- Part 10. index.

This is Part 2 GB/T 6159's.

This section drafted in accordance with GB/T 1.1-2009 given rules.

This part is GB/T 6159.22-2000 "Micrographics - Vocabulary Part II. layout and image recording method" of Amendments.

This portion of the GB/T 6159.22-2000 compared to the main technical changes are as follows.

- Increased Chapter 2, "Normative references";
- Modify the term "grid" statements (see 35, 2000 version 2.5.);
- Modify the term "horizontal microfiche," the statement (see 3.2,2000 version 2.3);
- Modify the terms "vertical microfiche," the statement (see 3.4,2000 version 2.4);

- Modify the term "platform photography," the statement (see 3.10,2000 version 2.10);
- Modify the term "rotary photography," the statement (see 3.11,2000 version 2.11);
- Modify the term "step and repeat style photography," the statement (see 3.12,2000 version 2.12).

The partial modification of the use of ISO 6196-2:1993 "Micrographics - Vocabulary - Part 2. layout and image recording method" (English Version), this part of ISO 6196-2:1993 compared to the main differences are as follows.

- This section does not set up articles;
- Removed part of the original General, which will be described in relation to the terms involved and the data written into the introduction of expression (see Introduction, ISO 6196-2. Chapter 1, 1993).
- Increase the "scope" and "normative references" respectively as Chapters 1 and 2 of this section (see Chapter 1, Chapter 2);
- Modify the "3" editorial error (see Figure 3, ISO 6196-2:1993 Figure 3).

This Part replaces GB/T 6159.22-2000 "Micrographics - Vocabulary Part II. and methods of recording images." this part of the National Document Imaging Technology Standardization Technical Committee (SAC/TC86) and focal points.

Introduction

Entry in this section is based on the concept of system arrangement.

Each entry by entry number, the Chinese terms, the corresponding English words and definitions and other components, if necessary with drawings or injection.

In an entry in this section, the term priority cases by the use of bold. Defined or defined elsewhere in the standard priority surgery appear within comments Language is also used bold, and thereafter shall accompany the corresponding entry number (in brackets). If other parts of the term appears in the vocabulary of this series of standards Points, only stating the terms of the relevant part of the code "0 x" (such as the second part is the "02").

Number of entries in the index also uses this Injection method.

In terms of this section, parentheses "()" is used to comment or supplement; in the definition, square brackets "[]" is used to supplement.

Micrographics - Vocabulary Part 2. layout and image recording method

1 Scope

This section defines the relationship between the terms and their definitions and methods of recording microfilm images of the parties concerned, as well as between the entries.

This section applies to Micrographics and its related fields.

2 Normative references

The following documents for the application of this document is essential. For dated references, only the dated version suitable for use herein Member. For undated references, the latest edition (including any amendments) applies to this document.

GB/T 6159.1-2003 Micrographics - Vocabulary - Part 1. General terms (ISO 6196-1:1993, MOD) GB/T 6159.4-2003 Micrographics - Vocabulary - Part 4. Materials and packaging (ISO 6196-4:1998, MOD) GB/T 15237.1-2000 Terminology work - Vocabulary - Part 1. Theory and Applications (eqv ISO 1087-1:2000)

3 Terms and Definitions

GB/T 6159.1-2003, GB/T 6159.4-2003, GB/T 15237.1-2000 and the following definition of terms and definitions appropriate Used in this document.

Horizontal formula horizontalmode (GB) Comic book style comicmode B to orientationB (US) Lateral line parallel to the written word roll of film (03) in the longitudinal direction perpendicular to the word line or vertical writing in the roll of film (03) in the longitudinal direction of the Image (01) arrangement.

Microfiche horizontal formula horizontalmicrofiche (GB); horizontalmode (US) Microfiche first upper left corner of a miniature image (01) is located in the image distribution area (01), and the subsequent microfilm images (01) sequentially from left to Line up the right, and from top to bottom are arranged in several rows of the arrangement of the image.

Vertical type verticalmode (GB) Film Chip cinemode A to orientationA (US) Lateral line perpendicular to the word written in the roll of film (03) in the longitudinal direction or vertical line parallel to the written word roll of film (03) in the longitudinal direction of the Image (01) arrangement.

Microfiche vertical formula verticalmicrofiche (GB); verticalmode (US) on microfiche, microfilm first image (01) located at the top left of the image distribution area (01), and the subsequent microfilm images (01) sequentially from top to Under lined columns and left to right several columns arranged in the arrangement of the image.
