1 Foreword

GB/T 9711.2-1999 is issued by State Administration for Market Regulation; Standardization Administration of the PRC.

It is one of 3 parts of the GB/T 9711 series.

This part of GB/T 9711 specifies the technical delivery conditions for unalloyed and alloyed (except stainless) seamless and welded steel pipes. It includes quality and testing requirements overall higher than those specified in GB/T 9711.1. This part of GB/T 9711 applies for pipes which are normally used for the transmission of combustible fluids. It is not suitable for cast steel pipes.

2 About this standard

Issued by: State Administration for Market Regulation; Standardization Administration of the PRC

English translation: about 15 pages (approximate)
