1 Foreword

GH/T 1225-2018 was issued by All-China Federation of Supply and Marketing Cooperatives on 20 June 2018 and has been in force since 1 October 2018.

The GH/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the basic principles, basic requirements, system design and organizational implementation requirements for the construction of the agricultural material quality traceability system. This standard applies to the design, operation, management, review and improvement of the quality traceability system construction of agricultural materials enterprises in the fertilizer, pesticide, and seed industries. Other agricultural materials industries can refer to this standard.

GH/T 1225-2018 falls under ICS 03.100.20, in the field of services and company organization.

This catalogue holds 31 other GH/T standards in that field.

In this catalogue, GH/T standards carry edition years from 1998 to 2026.
