What this standard covers

This standard specifies the terms and definitions, models and basic parameters, requirements, test methods, inspection rules, markings, packaging, transportation and storage of turbo fruit beaters. This standard is applicable to special equipment for food processing that removes the skin, stem, core, seeds and other parts of fruits (small stone fruit, pome fruit) under non-preheating conditions, and extracts the slurry.

Document data

International classification (ICS): 67.260.

Chinese classification (CCS): X90.

Estimated length of the Chinese original: 10,179 words.
