9.4 Detection and control of pests and diseases

1 Foreword

GH/T 1278-2019 was issued by All-China Federation of Supply and Marketing Cooperatives on 28 November 2019 and has been in force since 1 March 2020.

The GH/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 11 pages in English translation.

2 Scope Preview

This standard specifies the principles and objectives for the construction of a farm quality traceability system for farmer cooperatives, design, implementation, internal audit and improvement Advance. This standard applies to the establishment of a farm quality traceability system for farmer professional cooperatives and the recording of traceability information.

GH/T 1278-2019 falls under ICS 65.020, in the field of agriculture.

This catalogue holds 78 other GH/T standards in that field.

In this catalogue, GH/T standards carry edition years from 1998 to 2026.
