9.4 Detection and control of pests and diseases

1 Foreword

GH/T 1305-2020 was issued by All-China Federation of Supply and Marketing Cooperatives on 7 December 2020 and has been in force since 1 March 2021.

The GH/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 4 pages in English translation.

2 Scope Preview

This document specifies the terms and definitions of the seed cotton color tester, the principle and composition of the instrument test, product models, technical requirements, and test methods. Laws, inspection rules and signs, packaging, transportation and storage. This document is applicable to the production and inspection of photoelectric method seed cotton color detector.

GH/T 1305-2020 falls under ICS 65.040.20, in the field of agriculture.

This catalogue holds 78 other GH/T standards in that field.

In this catalogue, GH/T standards carry edition years from 1998 to 2026.

3 Normative references
