9.3 Replanting
9.4 Detection and control of pests and diseases

1 Foreword

GH/T 1406-2022 was issued by All-China Federation of Supply and Marketing Cooperatives on 9 February 2023 and has been in force since 1 March 2023.

The GH/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the principles, classification, utilization methods, comprehensive utilization technical models, technical methods and organizational management of comprehensive utilization of fruit and vegetable processing waste. This standard applies to the utilization and management of ordinary waste generated by the fruit and vegetable processing industry, and does not apply to the treatment of hazardous waste.

GH/T 1406-2022 falls under ICS 13.030.01, in the field of environment and health protection, safety.

This catalogue holds 13 other GH/T standards in that field.

In this catalogue, GH/T standards carry edition years from 1998 to 2026.

3 About this standard

Sector: Supply and Marketing Cooperatives Industry Standard (Recommended)

Issued by: All-China Federation of Supply and Marketing Cooperatives
