1 Foreword

GH/T 1407-2022 was issued by All-China Federation of Supply and Marketing Cooperatives on 9 February 2023 and has been in force since 1 March 2023.

The GH/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the principles, identification content, identification procedures, organization and implementation, and preparation of identification reports for brand quality characteristics of fruit and vegetable agricultural products. This standard is applicable to the identification of product brand quality characteristics during the trade and sales process of fruits, vegetables and other fruit and vegetable agricultural products and primary processed products.

GH/T 1407-2022 falls under ICS 67.08, in the field of food technology.

This catalogue holds 209 other GH/T standards in that field.

In this catalogue, GH/T standards carry edition years from 1998 to 2026.
