9.4 Detection and control of pests and diseases

1 Foreword

GH/T 1420-2023 was issued by All-China Federation of Supply and Marketing Cooperatives on 25 April 2023 and has been in force since 1 October 2023.

The GH/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 6 pages in English translation.

2 Scope Preview

This document stipulates the forest land selection, conservation technology, propagation promotion technology, protection measures and harvesting requirements for matsutake conservation and promotion: This document is applicable to the conservation and promotion of matsutake in situ:

GH/T 1420-2023 falls under ICS 65.020.40, in the field of agriculture.

This catalogue holds 78 other GH/T standards in that field.

In this catalogue, GH/T standards carry edition years from 1998 to 2026.

3 About this standard

Issued by: All-China Federation of Supply and Marketing Cooperatives

English translation: about 6 pages

Chinese original: about 8,818 characters
