9.4 Detection and control of pests and diseases

1 Foreword

GH/T 1422-2023 was issued by All-China Federation of Supply and Marketing Cooperatives on 25 April 2023 and has been in force since 1 October 2023.

The GH/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This document stipulates the site selection and supporting facilities and equipment for black fungus cultivation, substrate, cultivation season, strain selection, production of bacterial sticks, Technical requirements for ear removal, harvesting, drying, storage, pest and disease control, and bacterial residue treatment:
