1 Foreword

GH/T 1506-2025 was issued by All-China Federation of Supply and Marketing Cooperatives on 12 December 2025 and has been in force since 1 March 2026.

The GH/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the accounting boundaries, steps, and methods for carbon emission accounting in the cold chain distribution of fruits and vegetables. This document applies to carbon emission accounting for all stages of the cold chain distribution of fruits and vegetables, from post-harvest pre-cooling at the production site to final sale.

GH/T 1506-2025 falls under ICS 67.080.01, in the field of food technology.

This catalogue holds 209 other GH/T standards in that field.

In this catalogue, GH/T standards carry edition years from 1998 to 2026.

3 About this standard

Issued by: All-China Federation of Supply and Marketing Cooperatives

English translation: about 7 pages

Chinese original: about 10,165 characters
