1 Foreword

GH/T 1508-2025 was issued by All-China Federation of Supply and Marketing Cooperatives on 12 December 2025 and has been in force since 1 March 2026.

The GH/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 4 pages in English translation.

2 Scope Preview

This standard specifies the process flow for drying American ginseng, specifying the requirements for raw materials and production equipment, process requirements, packaging and labeling, transportation and storage, and describing traceability methods for record and document management. This document applies to the natural drying, hot air drying, heat pump drying, and vacuum freeze-drying of fresh American ginseng; other drying technologies should be followed accordingly.

GH/T 1508-2025 falls under ICS 67.040, in the field of food technology.

This catalogue holds 209 other GH/T standards in that field.

In this catalogue, GH/T standards carry edition years from 1998 to 2026.

3 About this standard

Issued by: All-China Federation of Supply and Marketing Cooperatives

English translation: about 4 pages
