6.6 System design requirements
7 Symmetric key management application instructions and management

1 Foreword

GM/T 0051-2016 was issued by State Administration of Cryptography on 23 December 2016 and took effect the same day.

The GM/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 38 pages in English translation.

2 Scope Preview

GM/T 0051-2016 falls under ICS 35.040, in the field of information technology.

This catalogue holds 105 other GM/T standards in that field.

In this catalogue, GM/T standards carry edition years from 2012 to 2024.
