Table of Contents

1 Introduction
1.1 Purpose
1.2 Scope
2 Objectives and responsibilities
2.1 Objectives
2.2 Responsibility
3 Requirements for safety assessment
3.1 General requirements
3.2 Factors to be considered in safety assessment
3.3 Hazard identification and analysis
3.4 Defense in depth
3.5 Assessment of safety functions
3.6 Optimum analysis
3.7 Assessment of long-term safety
3.8 Engineering analysis
3.9 Waste management assessment
3.10 Uncertainty analysis
3.11 Quality assurance
4 Work process and contents of safety assessment
4.1 General
4.2 Description of nuclear facilities and decommissioning activities
4.3 Identification and screening of hazards and initial events
4.4 Scenario sequence identification
4.5 Hazard analysis
4.6 Assessment of results and determination of safety measures
4.7 Decommissioning safety analysis report

1 Foreword

HAD 40115-2021 was issued by State Nuclear Safety Administration on 5 January 2022 and took effect the same day.

The HAD prefix marks a nuclear safety guide.

https://chinastandards.org/standards/had-40115-2021

The document runs to 15 pages in English translation.

2 Scope Preview

This standard is applicable to the safety assessment of the decommissioning process of nuclear power plants and installations, other reactors, nuclear fuel cycle facilities, and radioactive waste storage and treatment facilities. In this standard, the starting point for decommissioning of nuclear facilities is that all spent fuel elements and fissile materials have been removed from the facility and the operation waste liquid has been treated.

HAD 40115-2021 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 28 other HAD standards.

In this catalogue, HAD standards carry edition years from 2010 to 2023.

3 About this standard

Issued by: State Nuclear Safety Administration

English translation: about 15 pages

Chinese original: about 22,289 characters

4 Related standards

Standards on related subjects:

JB 2293-1978 - Wind tunnel test method of radiator of automobile and tractor

5 Classification and status

Prefix HAD: nuclear safety guide.
