1 Foreword

HB 7475-2017 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 12 April 2017 and has been in force since 1 October 2017.

It replaces the earlier edition HB 7475-1996.

The HB prefix, without a suffix, marks a mandatory standard: within its scope, compliance is required.

2 Scope Preview

This standard specifies the professional and technical level of qualification and certification of aviation non-metallic performance testing personnel, technical requirements and responsibilities of all levels of testing personnel, qualification organization and responsibilities, conditions for applicants, technical training, examinations, technical qualification certificates and Validity period, update certification, files, etc. This standard is applicable to the technical qualification and certification of aviation non-metallic performance testing personnel. The technical qualification and certification of non-metallic
