1 Foreword

HB 8574-2020 is issued by Ministry of Industry and Information Technology of the People's Republic of China.

The HB prefix, without a suffix, marks a mandatory standard: within its scope, compliance is required.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the purpose and process of the application integration verification activities of the airborne embedded real-time operating system, and describes the content and requirements of each step, including general and detailed requirements. This standard is applicable to the application integration verification activities that restrict and regulate the airborne embedded real-time operating system.

HB 8574-2020 carries no ICS number and no Chinese Standard Classification code.
