1 Foreword

HB 8648-2022 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 8 April 2022 and has been in force since 1 October 2022.

The HB prefix, without a suffix, marks a mandatory standard: within its scope, compliance is required.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the requirements for the test purpose, test outline, test conditions and test procedures for the connection strength test of composite sandwich structure inserts for civil helicopters. This standard is applicable to tensile, shear and tensile-shear composite connection strength tests of composite sandwich structure inserts for civil helicopters. The connection strength test of other similar structures can be carried out as a reference.
