1 Foreword

HB 8651-2022 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 8 April 2022 and has been in force since 1 October 2022.

The HB prefix, without a suffix, marks a mandatory standard: within its scope, compliance is required.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the test purpose, test principle, test items, test outline, test procedures, test data recording and processing, test report preparation, etc. for the rotorcraft water surface flotation test. This standard is applicable to the testing of models of water surface flotation characteristics of various types of rotorcraft.

HB 8651-2022 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 171 other HB standards.
