1 Foreword

HB 8655-2022 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 8 April 2022 and has been in force since 1 October 2022.

The HB prefix, without a suffix, marks a mandatory standard: within its scope, compliance is required.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the general technical requirements for the design, performance, verification and airworthiness of civil aircraft control panel components. This standard is applicable to various types of control panel components for civil aircraft. Control panel components for ships and vehicle equipment may be adopted as a reference.

HB 8655-2022 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 171 other HB standards.
