1 Foreword

HB 8665-2022 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 8 April 2022 and has been in force since 1 October 2022.

The HB prefix, without a suffix, marks a mandatory standard: within its scope, compliance is required.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the test purpose, test mission statement, test outline, test items, test procedures and other requirements for aircraft structure acoustic fatigue testing. This standard is suitable for acoustic fatigue testing of civil aircraft and can be used as a reference for other aircraft.

HB 8665-2022 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 171 other HB standards.
