1 Foreword

HB 8666-2022 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 8 April 2022 and has been in force since 1 October 2022.

The HB prefix, without a suffix, marks a mandatory standard: within its scope, compliance is required.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the general design requirements for the installation of lighting equipment on civil aircraft, as well as the optical performance requirements closely related to the installation of lighting system equipment, including detailed requirements for cockpit lighting, passenger cabin lighting, cargo hold and service area lighting, exterior lighting and emergency lighting. This standard applies to the installation design of lighting equipment for civil aircraft.
