1 Foreword

HB 8667-2022 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 8 April 2022 and has been in force since 1 October 2022.

The HB prefix, without a suffix, marks a mandatory standard: within its scope, compliance is required.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the technical requirements and verification requirements for passenger survival kits and life-saving items equipped on civil transport aircraft. This standard is applicable to the design of crew survival kits for civil transport aircraft equipped with life rafts (boats) and type II emergency evacuation slides. The design of crew survival kits for other civil aircraft can be used as a reference.

HB 8667-2022 carries no ICS number and no Chinese Standard Classification code.
