1 Foreword

HB 8671-2020 is issued by Ministry of Industry and Information Technology of the People's Republic of China.

The HB prefix, without a suffix, marks a mandatory standard: within its scope, compliance is required.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the requirements, quality assurance regulations, delivery preparations and instructions for reference airspeed tubes for civil aircraft calibration or calibration of total pressure, static pressure, angle of attack, angle of sideslip and other parameter position errors during the flight test phase. This standard applies to the development, production, inspection, appraisal and delivery of reference airspeed tubes for civil transport aircraft, general-purpose aircraft, and special aircraft test flights. Other aircraft can be used as a reference.
