What this standard covers

This standard specifies the product classification, technical requirements, test methods, inspection rules, marking, packaging, transportation, and storage of industrial cobalt acetate (including crystalline cobalt acetate and aqueous cobalt acetate solutions). This standard applies to aqueous cobalt acetate solutions and crystalline cobalt acetate prepared by reacting metallic cobalt with acetic acid and an oxidizing agent (peroxide or nitric acid), or by reacting cobalt carbonate, cobalt hydroxide, or cobalt oxide with acetic acid.

Document data

International classification (ICS): 71.080.99.

Chinese classification (CCS): G17.

Estimated length of the Chinese original: 14,192 words.

Supersedes the earlier edition HG/T 2032-1999.
