1 Foreword

HG/T 2905-1997 is issued by Ministry of Industry and Information Technology of the People's Republic of China.

2 Scope

This standard specifies a method for the determination of the electrical conductivity of phenolic resin extracts at 23?±2?. The method is important for applications in which such resins are used as impregnating materials.

3 About this standard

Sector: Chemical Industry

Issued by: Ministry of Industry and Information Technology of the People's Republic of China

English translation: about 15 pages (approximate)

4 Classification and status

International classification (ICS): 83.080.20

Chinese Standard Classification (CCS): G 31

Prefix HG/T: recommended standard.
