1 Foreword

HG/T 3087-2001 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 24 January 2002.

It replaces the earlier edition HG/T 3087-1986.

The HG/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.
