1 Scope

1 Scope

This standard specifies the requirements, test methods, inspection rules, markings and accompanying documents, as well as packaging, transportation and storage of industrial sodium hypophosphite. This standard applies to industrial sodium hypophosphite. Note: This product is mainly used as a reducing agent for electroless plating and as a raw material for preparing phosphorus flame retardants, hypophosphites and fine chemicals. It can also be used in water treatment, cement and other industries.
