1 Scope

This standard specifies the classification, requirements, test methods, inspection rules, signs, labels, packaging, transportation and storage of industrial cobalt chloride. This standard applies to industrial cobalt chloride produced from cobalt concentrate, crude cobalt salt and cobalt-containing waste. This product is mainly used to make battery materials, electronic materials, catalyst materials, electroplating materials and other raw materials of cobalt salts, as well as paint driers, ceramic colorants, ammonia absorbents, wet and dry indicators, and color-changing silica gel.
