### 1 Scope

#### 1 Scope

This standard specifies the rapid determination method of humic acid and fulvic acid content. This standard is applicable to the rapid determination of the content of total humic acid, soluble humic acid, free humic acid and fulvic acid in raw materials and raw materials containing humic acid and fulvic acid. It can be widely used in the determination of humic acid and fulvic acid content in raw materials and raw materials in the internal production process of enterprises.
