1 Scope

1 Scope

This standard specifies the evaluation principles, evaluation indicators and requirements, evaluation procedures and evaluation reports for green factories in the humic acid fertilizer industry. This standard applies to potassium humate, sodium humate, ammonium humate, humic acid-containing urea, humic acid compound fertilizers, humic acid bio-organic fertilizers, humic acid trace element fertilizers, and humic acid-containing phosphoric acid produced with humic acid as raw materials. Ammonium (diammonium phosphate), mineral source humic acid organic fertilizer, nitrohumic acid, humic acid soil conditioner, fertilizer synergist humic acid, humic acid organic and inorganic compound fertilizer, humic acid medium element fertilizer, peat matrix, Evaluation of green factories in the humic acid fertilizer industry such as calcium nitrohumate, biomass humic acid organic fertilizers, and water-soluble fertilizers containing humic acid.
