What this standard covers

This standard specifies the leaching of toxic solid waste leaching procedures and quality assurance measures. This standard applies to solid waste and recycling products of organic and inorganic leaching toxicity, but not for cyanide leaching toxicity. Samples containing non- water-soluble liquid, does not apply to this standard.

Document data

International classification (ICS): 13.030.10.

Chinese classification (CCS): Z27.

Estimated length of the Chinese original: 9,998 words.
