What this standard covers

This standard specifies the electrostatic precipitator voltage rectifier power supply requirements, test methods, inspection rules, signs, transportation and packaging. This standard applies to high-voltage electrostatic precipitator rectifier power supply (hereinafter referred to as rectifier power supply), but also for defogging, tar and other environmental protection purposes in addition to the high-voltage rectifier power supply.

Document data

International classification (ICS): 13.020.01; 13.030.40.

Chinese classification (CCS): Z04;J88.

Estimated length of the Chinese original: 5,598 words.

Supersedes the earlier edition HCRJ 011-1998.
