1 Foreword

HS/T 17-2006 was issued by General Administration of Customs on 25 February 2008 and has been in force since 1 April 2008.

The HS/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 125 pages in English translation.

2 Scope Preview

This standard specifies the Chinese customs supervision and management operations involved in the basic, universal data element tag name, description, representation and other relevant content. This standard applies to Chinese customs supervision and management of the business activities and the construction of information systems, information resources development and utilization process.
