1 Foreword

HS/T 80-2023 was issued by General Administration of Customs on 11 December 2023.

The HS/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies sample preparation, testing methods and category determination for imported and exported coal classification tests. This standard is applicable to the classification and testing of coals such as anthracite, bituminous coal, lignite, etc.; it is not applicable to the classification and testing of peat, coke and semi-coke.

HS/T 80-2023 falls under ICS 73.040, in the field of mining and minerals.

This catalogue holds 3 other HS/T standards in that field.
