1 Foreword

HY/T 0292-2020 was issued by Ministry of Natural Resources of the People's Republic of China on 28 June 2020 and has been in force since 1 October 2020.

The HY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the division scope and title of the forecast sea areas in the sea areas under my country's jurisdiction and adjacent sea areas. This standard applies to ocean forecasts, warnings and analysis products such as ocean waves, sea temperature and ocean currents produced and issued by my country's ocean forecasting departments.

HY/T 0292-2020 falls under ICS 07.060, in the field of natural and applied sciences.

This catalogue holds 287 other HY/T standards in that field.

In this catalogue, HY/T standards carry edition years from 1992 to 2025.

3 About this standard
