## 1 Foreword

HY/T 0293-2020 was issued by Ministry of Natural Resources of the People's Republic of China on 28 June 2020 and has been in force since 1 October 2020.

The HY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 4 pages in English translation.

## 2 Scope Preview

This standard specifies the starting level of marine disaster emergency response. This standard is applicable to national ocean observation and forecasting authorities to initiate marine disaster emergency response plans and carry out administrative deployment.

HY/T 0293-2020 falls under ICS 07.060, in the field of natural and applied sciences.

This catalogue holds 287 other HY/T standards in that field.

In this catalogue, HY/T standards carry edition years from 1992 to 2025.

## 3 About this standard

Issued by: Ministry of Natural Resources of the People's Republic of China

English translation: about 4 pages
