Table of Contents

1 Scope
2 Normative reference documents
3 Terms and Definitions
4 Inventory objects
5 Inventory content
6 Workflow
7 Job requirements
7.1 Prepare unit booklet
7.2 Determine the units that need to collect information
7.3 Collect unit information
7.4 Unit identification and review
7.5 Spot check of inventory list
7.6 Summary review
7.7 Preparation of unit directory

1 Foreword

HY/T 0359-2023 was issued by Ministry of Natural Resources of the People's Republic of China on 11 July 2023 and has been in force since 1 September 2023.

The HY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 46 pages in English translation.

2 Scope Preview

This document stipulates the objects, content, and work processes of the inventory of marine economic activity units, as well as the preparation of unit records and collection units during the inventory. Requirements for information, identification of unit identification, random inspection of inventory sheets, summary review, etc. This document is suitable for marine economic survey agencies to carry out inventory of marine economic activity units.

HY/T 0359-2023 falls under ICS 07.060, in the field of natural and applied sciences.

This catalogue holds 287 other HY/T standards in that field.
