1 Foreword

HY/T 0371-2023 was issued by Ministry of Natural Resources of the People's Republic of China on 11 July 2023 and has been in force since 1 September 2023.

The HY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 19 pages in English translation.

2 Scope Preview

This document provides the interface functions and processes, interface specifications, and interfaces of the national key maritime-related enterprise direct reporting system (hereinafter referred to as the "national system"). Interface methods and message protocols, etc. This document applies to the exchange and sharing of maritime-related enterprise data between national and provincial and municipal systems.

HY/T 0371-2023 falls under ICS 07.060, in the field of natural and applied sciences.

This catalogue holds 287 other HY/T standards in that field.
