1 Foreword

HY/T 0389-2023 was issued by Ministry of Natural Resources of the People's Republic of China on 1 November 2023.

The HY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This document specifies the technical requirements for the inspection of maritime search and rescue forecast products and describes the corresponding product inspection methods. This document is applicable to the quality inspection of maritime search and rescue and maritime target drift experimental forecast products.

HY/T 0389-2023 falls under ICS 07.060, in the field of natural and applied sciences.

This catalogue holds 287 other HY/T standards in that field.

In this catalogue, HY/T standards carry edition years from 1992 to 2025.

3 About this standard
