1 Foreword

HY/T 079-2005 was issued by State Oceanic Administration on 18 May 2005 and has been in force since 1 June 2005.

The HY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 10 pages in English translation.

2 Scope Preview

This standard specifies: mussel monitoring the main content, technical requirements and methods, This standard applies: in the People's Republic of China seas, territorial waters and waters within the jurisdiction of the People's Republic of China coastal waters monitoring.
